## SUMMARY

---

**Dynamic Mechanical Engineer turned Full-Stack Developer** with a passion for crafting efficient, innovative, and user-friendly web applications. Equipped with expertise in **ReactJS, NodeJS, JavaScript, HTML, CSS, ExpressJS and MongoDB**, I bring a unique blend of technical and analytical skills to drive impactful solutions.

## EDUCATION

---

**Bachelor of Mechanical Engineering**, University of Mumbai  
**Full Stack Web Development (MERN Stack)**, Coding Ninjas

Aug 2015 - May 2019

Aug 2022 - Aug 2023

## SKILLS

---

**Frontend Skills:** *HTML, CSS, JavaScript, ReactJS, Bootstrap*

**Backend Skills:** *NodeJS, ExpressJS, MongoDB, Git, GitHub*

## EXPERIENCE

---

**Export Executive**

Hvax Technologies

Jan 2019 - April 2023

*Mumbai, MH*

- Managed the export process by ensuring accurate and timely documentation, handling invoice preparation to comply with regulations and client requirements, and maintaining export records and databases to enhance tracking and reporting processes.

## PROJECTS

---

**WANDERLUST WEBSITE:** Developed and launched "Wanderlust," a fully functional Airbnb clone using **Node.js, Express.js** and **MongoDB**. Implemented the project utilizing a tech stack comprising Node.js, Express.js, and MongoDB for the back-end. Employed HTML5, CSS3, and JavaScript for frontend development. Implemented **User Authentication, Listing management, User Reviews and Ratings**. ([Try it here](#))

**CSV FILE UPLOAD WEBSITE:** Developed high-impact CSV file upload website, leveraging **frontend** and **backend** technologies. Designed user-friendly interface, enhancing navigation and usability. Resulted in a cutting-edge website for effortless CSV file upload and processing. ([Try it here](#))

**React Task Management Web App:** Developed a React Task Management application featuring Priority Lists for efficient organization. Enables seamless task creation, editing, and deletion. Implemented Priority Management functionality allowing tasks to be effortlessly moved between lists. Visual representation enhances user experience with color-coded priority lists for quick identification. ([Try it here](#))

**NodeJS-Placement-Cell:** Interface for Coding Ninjas' placement cell to manage student records and schedule interviews. Implemented sign-up/sign-in forms, student management, and interview scheduling. **Key Technologies:** *NodeJS, MongoDB, Express, React*. ([Try it here](#))

## CERTIFICATES

---

- Node.js:** Coding Ninjas ([Certificate](#))
- React.js:** Coding Ninjas ([Certificate](#))
- Front End — Full Stack Web Development:** Coding Ninjas ([Certificate](#))
- DSA:** Coding Ninjas ([Certificate](#))
- Java:** Coding Ninjas ([Certificate](#))
